## FLEXIBLE FINANCING for health and wellness.

Take advantage of special financing on every qualifying purchase.

## The CareCredit Difference

The CareCredit health and wellness credit card is a flexible way to pay for **procedures, deductibles, co-pays and other out-of-pocket expenses** not covered by insurance.

With CareCredit, you can take advantage of **special financing on every purchase of \$200 or more**—allowing you to get the care you want or need and pay for it over time.

See inside charts for more details or visit our payment calculator to quickly estimate your monthly payments.

## SHORTER-TERM FINANCING OPTIONS

On qualifying purchases of \$200 or more made with your CareCredit credit card at enrolled locations in the CareCredit Provider Network.

### No Interest if Paid in Full within 6 Months\*

For purchases of \$200 or more

Interest will be charged to your account from the purchase date if the promotional balance is not paid in full within the promotional period. Minimum monthly payments required.

### MAY BE A GOOD OPTION IF:

You want to avoid paying any interest.  
You prefer the flexibility to pay more or less in a given month.  
You plan to pay off the purchase completely within the promotional period.

Not all enrolled healthcare providers offer all promotional financing options. Please ask your provider for details. For purchases less than \$200, standard account terms apply.

**Standard Account Terms:** Your CareCredit credit card's standard account terms apply for non-promotional purchases. This includes purchases under \$200 and at retail locations where promotional financing is not available. Use your CareCredit credit card for things that might cost less than \$200, like chiropractic treatment, teeth whitening products, co-payments, skin care products, pet care supplies, prescriptions, and for other non-promotional purchases.

\* Any suggested equal monthly payment shown (which excludes taxes and delivery) in connection with this promotional offer:

- May be greater than the required minimum monthly payment that will be charged on your billing statement;
- Equals the promotional purchase amount divided by the number of months in the promo period rounded to the next highest whole dollar, and
- Would pay off the promotional purchase amount within the promo period, but only if there are no other balances on your account at any time during the promo period and you make your payments on time. In such event, your total payments will equal the amount of the promotional purchase amount.

No interest will be charged on the promo purchase if you pay it off, in full, within the promo period. If you do not, interest will be charged on the promo purchase from the purchase date. The required minimum monthly payments may or may not pay off the promo purchase before the end of the promo period, depending on purchase amount, promo length and payment allocation. Regular account terms apply to non-promo purchases and, after promo period ends, to the promo balance. For New Accounts: Purchase APR is 32.99%. Penalty APR is 39.99%. Minimum Interest Charge is \$2. APR(s) are accurate as of 05/30/2024. Existing cardholders: See your credit card agreement terms. Subject to credit approval.

## LONGER-TERM FINANCING OPTIONS

On qualifying purchases of \$1,000 or more made with your CareCredit credit card at enrolled locations in the CareCredit Provider Network.

### PAYMENT CALCULATOR

Don't see what you're looking for?  
[carecredit.com/payment-calculator](http://carecredit.com/payment-calculator)

### MAY BE A GOOD OPTION IF:

You like having a fixed monthly payment, and paying the same amount every month.

You prefer to avoid any chance of paying more interest—or paying for longer—than you had planned.

\*\* Interest will be charged on promo purchases from the purchase date. Fixed monthly payments are required until paid in full. The fixed monthly payment may be higher than the minimum payment that would be required if the purchase was a non-promo purchase. Regular account terms apply to non-promo purchases. For New Accounts: Purchase APR is 32.99%. Penalty APR is 39.99%. Minimum Interest Charge is \$2. APR(s) are accurate as of 05/30/2024. Existing cardholders: See your credit card agreement terms. Subject to credit approval.

<sup>^</sup> The estimated required Fixed Monthly Payment shown equals the Amount Financed multiplied by 4.9876% for the 24-month promo, 3.6605% for the 36-month promo, 3.0377% for the 48-month promo, and 2.6997% for the 60-month promo. It is rounded to the next highest whole dollar. During the last month(s) of the promo period the required monthly payment may be reduced due to this rounding. The sum of the required monthly payments will equal the cost of the Amount Financed. If you make the required payments by the due date each month, you should pay off the Amount Financed within the promo period, if it is the only balance you are paying off. If you have other balances on your account, this payment will be added to any other minimum monthly payments.
